

Rated Passengers(4 persons)

MODEL: MA4E (EEC L7E CERTIFICATE)

Basic Parameter		Safety Specification	
Body	Fully closed metal structure , frameless body	Safety Belt(CE)	✓
Dimension(LXWXH)	3070x1400x1480mm	ABS	○
wheelbase:	2175mm	Fog Lamp(CE)	✓
Track Width (f/r)	1215/1200 mm	Air Bag	×
Drive type	rear wheel driving	Function Specification	
Braking system	front disk,rear drum braking	Remote Control door	○
Mi.ground clearance	150mm(full loaded)	Electric Window Lifte	✓
CURB weight	550kg(with battery)	Radio	✓
Max speed	40km/h)	CD Player	○
Max climbing capability	30%	A/C	○
Min.turning diameter	4.44m	Body Color(6 basic color for option)	
Braking distance	<6 m		
Running distance	120kms		
Charging time	≤10h		
Parking brake	hand / rear-wheel brake		
Speed control	pedal control /automatic		

Power Specification		Aluminium wheels, Power steering Power braking	○ ○ ○
Motor	48V DC 7.5kw		
Electric system	12V DC		
Charger	48V 25A(CE)		
Controler	48V 400 amp		
Battery	12V 150AH*4 units gel batteries..		
Battery type	lead-acid Free maintenance battery		
Weight of battery	168 kgs		
Battery life	recharging for 700 times		
Convertor	DC DC 12V(RoHs)		
Chassis System			
Suspension System	Front-wheel independent suspension, rear wheel Torsion beam suspension		
Steering system	rack-and-pinion steering gear		
Wheel type(front/rear)	155R 12C 8PR (CE, DOT)		
wheel hub	13"*12"		
REMARKS: "√" means "standard equipment," "○" means "optional equipment," "X" means we can not supply
